LAL BAHADUR SHASTRI

Second Prime Minister of India

Golden words of the Second Prime Minister of India, Bharat Ratna **Shri Lal Bahadur Shastri Ji** –
“The basic idea of governance, as I see it, is to hold the society together so that it can develop and march towards certain goals.”

He was born on 2nd Oct 1904 in a very humble background. He rose to become the Prime Minister of India because of his grit, determination and honesty. A firm believer in the social responsibilities of business enterprises, he looked at the economic and social realities of India with a clear vision, never allowing his judgment to be influenced by doctrine or ideological preconceptions. In the administrative sphere, he was an innovator and had the determination to give effect to new ideas. Shastriji's tireless dedication, to the cause of improving the welfare of the Indian people, is an inspiration to all those who look to the future with hope and confidence.
